### Aluminium Broom Handle – Yellow – 1360 x 25mm (53.5")

This durable aluminium broom handle features a threaded screw fitting and a colour-coded grip, making it ideal for use with all compatible tools from the Hygiene Range. Designed for strength and versatility, the handle is anodised for corrosion resistance, ensuring long-term reliability in demanding cleaning environments.

The **Yellow polypropylene grip** and thread offer ergonomic handling and support effective colour-coded cleaning systems, helping to prevent cross-contamination in hygiene-sensitive areas such as kitchens, healthcare facilities, and food processing environments.
