Replacement Vacuum Bags for Henry & Numatic Tub Vacuums – Pack of 10 | High Filtration

Keep your tub vacuum performing at its best with this pack of 10 high-quality replacement vacuum bags (SDB48), designed for use with a wide range of popular models including Henry, Hetty, James, and more. These paper dust bags feature double micro-filtration technology that captures up to 99% of household dust, pollen, mites, and microscopic particles down to 5 microns, ensuring cleaner air and better suction performance.

Important: This is a non-genuine replacement product manufactured by Qualtex. While compatible with many Numatic models, use with genuine Numatic products may affect warranty and performance.
