

Suredis VT1 Terminal Disinfectant

105296

UOM: 1X20LT

● In Stock

A high-performance, terminal disinfectant suitable for open plant cleaning applications throughout the food, beverage and dairy industries.

Divosan Suredis is based on a blend of surface-active biocide, surfactant, alkaline builders and sequestering agents. This unique formulation provides excellent disinfectant activity against most vegetative forms of micro-organisms including gram-positive and gram-negative bacteria and yeasts

Uses ingredients specifically selected to reduce environmental impact on water treatment systems and has a lower Chemical Oxygen Demand (COD) than most other disinfectants in its class

Unit of Measure: 1x20lt
