# VIRUCIDAL DETERGENT DISINFECTANT

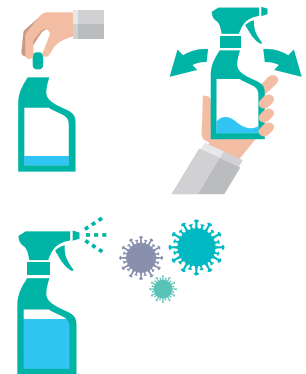

We are pleased to announce that PVA Hygiene has developed a new and improved Virucidal Detergent Disinfectant which is available with immediate effect.

This multi purpose cleaner is effective against **BACTERIA, YEASTS AND ENVELOPED VIRUSES, SUCH AS CORONAVIRUS**. Once in solution, the product can be effective for up to 7 days!

This new disinfectant conforms to EN1276, EN14476, EN13697 & Article 95 of the Biocidal Regulations. It is **PHOSPHATE FREE** and contains **BIODEGRADABLE SURFACTANTS**.

This new product replaces the previous PVA Hygiene disinfectant product as it is more effective and is active for up to 7 days after application.

Drop the sachet into the Trigger Spray Bottle, add water, shake and your solution is ready to clean!

SOON TO BE  
AVAILABLE  
FOR BUCKET  
APPLICATIONS!
